What's New

To find out what's new in the latest Official builds, read our [2020 Official Announcement](#).

Release Notes

Head to the [Release Notes](#) for a full changelog and details on the current build.

For the latest in the Experimental builds, see [Experimental Release Notes](#).

Downloads

[Download Official Builds](#) - A complete list of current and past official builds.

[Download Experimental Builds](#) - An archive of all experimental builds.

Licensing

Non-Commercial licenses are available at no charge for personal, educational, or evaluation purposes. If you or your organization are compensated for your work with TouchDesigner, you must have a Commercial or Pro license. For a comparison of licenses see [Licensing](#).

Updating to the most recent build requires a key whose 'Update Date' is after the build's compile date. Check your license's 'Update Date' in the Keys section of your profile at [derivative.ca](#). If your key is out of date, purchase '1 Year of Updates' from the store to update it for use with the most recent builds.

Forum and Support

Report your problems or ask questions in our [Support Forum](#).

Getting Started

- The [Getting Started Tips](#) will help you install TouchDesigner and get it keyed and running.
- Go through [First Things to Know about TouchDesigner](#) to get an introductory overview.
- Follow along in this [Introduction to TouchDesigner workshop](#). More workshop videos and tutorials can be found on the [TouchDesigner Official YouTube](#) page.

Tutorials and Workshop Videos

- Start with the quick primer [First Things to Know about TouchDesigner](#) followed by the [Introduction to TouchDesigner workshop](#).
- [TouchDesigner Official YouTube](#) - A growing collection of Derivative tutorials and workshop recordings, as well as videos from previous TouchDesigner Summits.
- [TouchDesigner Community Tutorials](#) - The tutorials section of our new community feed, an amazing resource growing everyday.
- [Matthew Ragan's TouchDesigner Tutorials](#) - An excellent resource for learning TouchDesigner covering over 100 topics from a great teacher.
